INDEPENDENT AUDITOR'S REPORT

Joseph J. Montalto, CPA

To the Board of Directors of
 CitiHope International, Inc.

We have audited the accompanying financial statements of CitiHope International, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CitiHope International, Inc. as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015 AND 2014

ORGANIZATION

Nature of Business

CitiHope International, Inc. (CitiHope) is a not-for-profit organization exempt from income tax under section 501(c)(3) of the Internal Revenue Code. CitiHope was formed and began operations on August 9, 1977 as The Lamb's Ministries, Inc., changing its name to CitiHope International, Inc. in 1992. CitiHope conducts humanitarian relief operations in the Caribbean and Africa, as well as various other countries throughout the world. CitiHope distributes pharmaceuticals, medical supplies and food to these countries. These supplies are mostly donated items. The major sources of grants and contributions are the Coca-Cola Africa Foundation, U.S. Agency for International Development and various foundations and pharmaceutical companies.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Statement Presentation

In accordance with generally accepted accounting principles, CitiHope is required to report information regarding their financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Basis of Accounting

CitiHope uses the accrual method of accounting, recognizing revenues as earned and expenses as incurred, and conforms to standards of accounting and reporting appropriate to not-for-profit organizations.

Cash and Cash Equivalents

All highly liquid debt instruments purchased with maturity of three months or less are considered to be cash equivalents for purposes of the statement of cash flows.

Property and Equipment

Property and equipment are stated at cost. Expenditures for additions, renewals and betterments are capitalized; expenditures for maintenance and repairs are charged to expense as incurred. Donated equipment is initially recorded at fair market value. Upon retirement or disposal of assets, the cost and accumulated depreciation are eliminated from the accounts, and the resulting gain or loss is included in income. Depreciation is computed on the straight-line method over the following estimated useful lives:

	<u>Years</u>
Furniture and fixtures	5 - 7
Machinery and equipment	5 - 10
Vehicles	5

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2015 AND 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment (continued)

The provision for depreciation was \$12,203 and \$12,730, respectively for years ended June 30, 2015 and 2014.

Donated Materials and Services (In-Kind)

Donated materials are shown at their estimated value at the date of receipt. Donated medical supplies are valued at "Red Book" value which is published by Medical Economics Co., Inc. If there is no "Red Book" value available, the value assigned by the donor is used. Personal services are valued in accordance with the cost of similar services. Food donations are valued at the donor's market value at the time of shipment.

Revenue Recognition

Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily restricted net assets, depending on the nature of the restriction. When a restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Grant support is recorded as revenue in the year in which it is received by CitiHope unless the grantor specifies that it is to be used in another year. In such instances, CitiHope records deferred support and does not recognize income until the time or purpose restrictions are met. During the current year, CitiHope received grant monies to be expended for specific costs. The amounts expended are reflected in program functional expenses.

Program income is recorded in accordance with the grant contracts. Adjustments to these contracts can be made retroactively by the various funding agencies. Any such adjustments would be recorded by CitiHope in the year of notification.

Interest Income

Interest income earned is allocated to restricted and/or unrestricted net assets by designation of the donor or grantor.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the financial statement date. Estimates also affect the reported amount of revenues and expenses during the reporting period. Actual results could vary from the estimates that were used.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2015 AND 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Inventory

Inventory consists of donated pharmaceuticals, medical supplies, and non-medical assets. Medical inventories are valued at "Red Book" value when received or donor's value if not available. CitiHope uses specific identification to value ending inventory. Non-medical inventory is valued at net realizable value.

Advertising

CitiHope expenses advertising costs as incurred.

Shipping

CitiHope has adopted the policy of charging costs related to shipping to expense as incurred.

Functional Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Tax Status

CitiHope is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, CitiHope is not liable for Federal or New York State corporate income taxes or for Federal unemployment insurance.

Generally accepted accounting principles contain a two-step approach to recognizing and measuring uncertain tax positions. The first step is to evaluate the tax position for recognition by determining if the weight of available evidence indicates it is more likely than not that the position will be sustained on audit, including resolution of related appeals or litigation processes, if any. The second step is to measure the tax benefit as the largest amount which is more than 50% likely of being realized upon ultimate settlement. CitiHope considers many factors when evaluating and estimating its tax positions, which may require periodic adjustments and which may not accurately anticipate actual outcomes. Based on guidance set forth in professional standards, CitiHope has not recorded any liabilities for uncertain tax positions or any related interest and penalties. CitiHope's tax returns are open to audit for years ending June 30, 2011 through 2014.

Subsequent Events

The Organization has evaluated events and transactions that occurred between July 1, 2015 and February 1, 2017, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

NOTE 9 - CONTINGENCIES

CitiHope receives much of its cash revenue from government grants and contracts. The ultimate determination of amounts received under these programs generally is based upon allowable costs reported to and audited by government agencies. Until such audits have been completed and final settlements reached, there exists a contingency to refund any amount received in excess of allowable costs.

CitiHope had been in non-compliance with its New York State Workers' Compensation insurance policy since April 2002. The New York State Workers' Compensation Board had agreed to settle the issue of non-compliance for a nominal penalty if CitiHope were to provide proof of current workers' compensation insurance coverage. During the year ended June 30, 2009 CitiHope obtained workers' compensation insurance. As of February 1, 2017 it is still unclear as to the potential penalty, if any, CitiHope may incur.

NOTE 10 - CONCENTRATION OF CREDIT RISK

CitiHope maintains cash balances at two financial institutions. Accounts at these institutions are insured by the Deposit Insurance Corporation up to \$250,000. At the years ended June 30, 2015 and 2014 there were no uninsured cash balances.
